Steve Olson - Director

Matt Schenck - Director

Steve Dauner - Course Superintendent

Tara Anderson - Club Manager

Jamie Cossette - Club Manager

Dear Valued Members!

2023 was another great year at Hawley Golf and Country Club, thanks to you and the amazing community of Hawley! 2023 brought a lot of changes and quite honestly got off to a bit of a rocky start as we worked hard to find the right fit to our leadership team at the course. But, I'm a big believer in the saying, "everything happens for a reason" and that was very true in our search. While we were scrambling a bit when the season started, we found strength in the team that we already had when we were happy to hire Tara Anderson and Jamie Cossette to lead the way! Terri continued to support them all year and this combination proved to help us continue to move our club in to it's next chapter.

Steve and his crew have been busy as usual not only maintaining but upgrading different pieces of the course. This past season, investments were made in the following ways:

- Replace and expanding Shed #1
- New cart paths between #12 and #13 and between #5 and #6.
- Completed #15 pond improvements
- 12 New golf carts ordered
- New Beverage Cart
- New Range Picker with Cage
- New rough mower

Hawley Golf and Country Club continues to be a premiere course in the area as we see golfers travel from out of town frequently. In 2024 we are expecting to see improvements continue because of your support. We will continue to host a number of great tournaments that are critically important to the success of the course. While they can be an inconvenience at times to members who want to schedule tee times, they bring in a great deal of new business that continues to help support our improvement initiatives. In 2024, we will also host our first Junior PGA Tour 'Sota Series event! We are excited about helping to grow the sport of golf through our youth events, and I have no doubt that our local youth tour members will enjoy competing on their home course!

One other change that was made for 2024 was that we will start allowing our youth to use the practice holes and driving range after 3:00pm on Tuesdays. Regular course use will still be restricted to 18+ golfers. Our board feels it is important to allow our very competitive golf teams to be able to practice after school and over the summer in order to continue to be at their best. Last year, a lot of the school golf meets were held on Wednesdays, which didn't allow for our golfers to get out the night before and practice. We are hoping that by 3:00pm, this change should not interfere with men's night. Please join us in welcoming and cheering on our young golfers who are working hard to accomplish their goals and appreciate all that HGCC provides.

May you each have a happy, healthy, and blessed 2024! On behalf of the entire board and leadership team, we cannot thank you enough! We look forward to seeing green grass in the near future!

"Success in golf depends less on strength of body and more on strength of mind and character." – Arnold Palmer
